emperor

The Hunger Project UK is a registered charity in England & Wales 1164839
and a company limited by guarantee registered in England & Wales 9583057.

Who will emerge victorious from the muddiest trenches, cargo net climbs, tyre walls, pontoon lake crossings and the unforgettable zip wire into water and the world famous deathslide, to be crowned the top corporate, legal, accounting, banking or advisory team in the City of London? And better still, you'll be raising vital funds to support The Hunger Project's work in empowering people in 17,000 villages to sustainably end their own hunger.

The Challenge

We're inviting teams of four to tackle this ultimate 5km obstacle course. Once briefed and equipped with a timing chip each team will be loose on the course – prepare to get muddy! Whilst everyone will get an individual finishing time, your team time will be that of your last finisher – team work will be essential.

This course can be completed in 45 minutes but can take up to 2.5 hours.

You'll need plenty of energy to tackle obstacles that will include: 'Isotope', 'Mega Monkey', 'Kingfisher', 'Minions', 'Waffle' to name but a few.

Team Costs

The registration fee for each team of four is £400.00 to cover event costs. We encourage the participating company to also make a donation or match funds raised by the team, Each team is strongly encouraged to raise additional funds and we'll set up a fundraising page for each team.

After Challenge Party

Food, drinks, live music, firepit, games, goodie bags

Location

Approximately 30 minutes from Liverpool Street station in London and 15 minutes from Epping Underground station.
